

# Advania UK Limited

## End User License Agreement

### 1. Introduction

This End User License Agreement ("EULA") is a legal agreement between You the individual or entity identified in an order ("You" or "Your") and Advania UK Limited (the "Supplier") for the use of the software identified as Fresh (the "Software"). By installing, copying, or otherwise using the Software, You agree to be bound by the terms of this EULA.

### 2. License Grant

The Supplier grants You a non-exclusive, non-transferable, revocable, worldwide limited license to install and use the Software for the term stated in the order (including any extensions and renewals) for your internal business purposes only, subject to the terms and conditions of this EULA. You may not sublicense, rent, lease, lend, sell, distribute, or otherwise transfer the Software or any copy thereof to any third party. You may not modify, adapt, translate, reverse engineer, decompile, disassemble, or create derivative works based on the Software or any part thereof, except as expressly permitted by applicable law.

The use of the Software shall be restricted to use of the Software in object code form for the purpose of processing data for normal business purposes (which shall not include allowing the use of the Software by, or for the benefit of, any person other than an employee of the User or other user authorised by Supplier).

### 3. Licence Restrictions

You may not and You shall not permit any third party to copy, adapt reverse-engineer, decompile, disassemble, modify, or create derivative works based on the Software (or any part thereof) except as may be strictly necessary to and with Suppliers prior written consent to create an independent software program which can be operated with the Software or for interoperability with another system in accordance with applicable laws. Any information provided by the Supplier to achieve interoperability of the Software is proprietary and confidential information of the Supplier and the User is prohibited from using this information for any other purpose.

You may not alter, delete, or otherwise obscure any notices of proprietary rights (including, but not limited to, copyright) or any product identification or restrictions on or in the Software. You may not use the information in the Software to create a software program which is substantially similar in its expression to the Software or to do any other act restricted by copyright.

## 4. Intellectual Property Rights

The Software and all copyrights, trademarks, trade secrets, patents, and other intellectual property rights therein are the sole and exclusive property of the Supplier and its licensors. Fresh™ is a registered trademark of Advania UK Limited. You acknowledge and agree that the Software is licensed, not sold, to you, and that you have no ownership or other proprietary rights in or to the Software or any part thereof. You agree to respect and protect the intellectual property rights of the Supplier and its licensors, and to comply with all applicable laws and regulations regarding the use of the Software.

## 5. Support & Maintenance

Any support services in respect of the Software are provided directly by Supplier's authorised Resale Partner ("Partner"). As part of any support services, Partner will provide You with all maintenance releases generally made available to Supplier's customers. You agree to install all maintenance releases as soon as reasonably practicable after receipt.

## 6. Disclaimer of Warranties

The Software is provided "as is" and "as available", without any warranties, express or implied, of any kind. To the maximum extent permitted by applicable law, the Supplier and its licensors disclaim all warranties, including, but not limited to, the implied

warranties of merchantability, fitness for a particular purpose, non-infringement, title, and quality. The Supplier and its licensors do not warrant that the Software will meet the Your specific requirements or that that the Software will be uninterrupted, secure or error-free or that the Software will be compatible with any other software or hardware. The Supplier expressly excludes any warranty that any third-party software will operate substantially in accordance with, and shall perform, the material functions and features as set out in any third-party software documentation when used with the Software.

## 7. Indemnification

Supplier will indemnify and defend You against any claims, losses, costs and expenses (including reasonable legal fees) arising out of any claim that the Software infringes any intellectual property rights of a third party. You agree to notify Supplier promptly and without delay if You receive a notice of a claim and You agree to give Supplier the authority and all reasonable assistance and information the Supplier needs to defend against or settle the claim.

If in the Supplier's opinion the Software is likely to become the subject of a claim, Supplier may choose in its absolute discretion to either modify the Software to be non-infringing (while substantially preserving the Software's functionality or usability) or obtain a license to allow for continued use of the Software. If the foregoing is not commercially reasonable, the Supplier may terminate this EULA and refund any pre-paid fees after the date of termination.

Supplier will not indemnify You if You alter the Software or use it outside the scope this EULA or if You continue to use a version of the Software which has been superseded.

## 8. Limitation of Liability

To the maximum extent permitted by applicable law, in no event shall the Supplier or its licensors be liable for any damages that are including, but not limited to indirect incidental, consequential, special, exemplary, or punitive damages, arising out of or in connection with the use or inability to use the Software, even if the Supplier or its licensors have been advised of the possibility of such damages. In no event shall Supplier's liability under this EULA exceed the total amount of fees paid by You for the Software. Supplier shall have no liability for any act or omission caused by circumstances outside the Supplier's reasonable control.

## 9. Termination

This EULA is effective until terminated by You or the Supplier. You may terminate this EULA at any time by uninstalling and deleting the Software and all copies thereof from your computer or device. The Supplier may terminate this EULA at any time, with or without cause, with reasonable prior notice to You. Upon termination of this EULA, Your

right to use the Software ends. You must cease all use of the Software and destroy all copies thereof in your possession or control.

## 10. General Provisions

This EULA constitutes the entire agreement between You and the Supplier regarding the Software and supersedes all prior or contemporaneous communications, proposals, or agreements, whether oral or written, between you and the Supplier.

This EULA is governed by the laws of England and Wales, without regard to its conflict of laws principles. Any dispute arising out of or relating to this EULA shall be subject to the exclusive jurisdiction of the courts of England and Wales. If any provision of this EULA is held to be invalid, illegal, or unenforceable, the remaining provisions shall remain in full force and effect. The failure of the Supplier to enforce any right or provision of this EULA shall not constitute a waiver of such right or provision.

Supplier may modify or amend the terms of this EULA by updating this EULA on Supplier's website. By continuing to use the Software you shall be deemed to have accepted the changes to this EULA.
